Office of Director - Juvenile Justice Accountability Incentive Block Grant, Section 8.015

Bk. 1 Page 158

This section provides funding for the Juvenile Accountability Incentive Block Grant Program. This program is designed to address the growing problem of juvenile crime by encouraging accountability-based reforms at the state and local level. Funding may be used for purposes such as the establishment of drug courts, gun courts, hiring additional juvenile judges and prosecutors, building and/or expanding juvenile detention and corrections facilities and establishing and maintaining accountability-based programs that work with the juvenile offenders. Up to 5% of the funds can be used by the department for administrative costs, at least 75% of the funds will be passed through to local government units, or expended by the State on services of benefit to those local governments, the remaining 25% is available through a competitive grant process to units of local government, state agencies, or nonprofit agencies for the provision of serving juveniles throughout the entire state.

Legal Base: PL 105-119, Title III of House Resolution 3 (1997-2001), and the Juvenile Justice Delinquency Prevention Act, Reauthorized in 2002

Funding Source: Federal Funds from the Office of Juvenile Justice and Delinquency Prevention

Page 364. This training ensures pilots can safely operate aircraft in compliance with proper aircraft procedures. Failure to complete this training would compromise safety and result in the loss of FAA certification for Patrol pilots and aircraft. Additionally, the FAA requires aircraft be maintained in compliance with the Federal Aviation Regulations to ensure they remain in a safe and airworthy condition. Failure to comply with these maintenance regulations will result in enforcement action against the Patrol and pilot, as well as creating an unsafe flight conditions for our pilots and our passengers. Other funds are Highway and all are ongoing. Traning portion is \$77,000 (\$32,000 one-time, \$45,000 ongoing), maintenance is \$316,000 (\$40,000 Highway, \$276,000 Federal Drug Forfeiture, all one-time). Senate recommends Highway Patrol Vehicle/Aircraft Revolving Funds in place of Highway funds. Conference agreed with Senate position on using Highway Patrol Vehicle/Aircraft Revolving Funds.

WITHDRAWN - While CVOs are armed, they have very limited authority, and are restricted to minor enforcement dealing with commercial vehicles. They must call for a trooper when dealing with criminal arrests, investigations, and accidents. The Patrol is requesting spending to convert 2 more positions, 1 CVO and 1 CVI, to CVET positions through attrition. The Patrol currently has 35 allocated CVET positions. Troopers have a lower employment turnover rate than CVOs and CVIs, resulting in more experienced law enforcement officers specializing in commercial vehicle enforcement.

Page 384. In January 2011, the Missouri State Water Patrol was merged into the Missouri State Highway Patrol. During the transition process, it was learned that former Water Patrol employees were generally being compensated at a higher rate than Highway Patrol employees with the same experience performing the same functions. This mainly impacted the uniformed officers of the Highway Patrol. There is an active lawsuit as a result of these compensation issues. WITHDRAWN - While CVOs are armed, they have very limited authority, and are restricted to minor enforcement dealing with commercial vehicles. They must call for a trooper when dealing with criminal arrests, investigations, and accidents. The Patrol is requesting spending to convert 2 more positions, 1 CVO and 1 CVI, to CVET positions through attrition. The Patrol currently has 35 allocated CVET positions. Troopers have a lower employment turnover rate than CVOs and CVIs, resulting in more experienced law enforcement officers specializing in commercial vehicle enforcement.

Page 451. DNA case processing times remain in the six to twelve month range. Therefore current staffing levels are insufficient to reduce backlogged cases. If we do not increase the work capacity of the DNA section (2 FTE), the DNA backlog will continue to increase as case submissions continue to rise and tunrover will become unmanageable. Also, with the Drug Chemistry (1 FTE) discipline on pace to receive 15% more drug cases in 2012 than were received in 2011, the backlog of unworked drug cases will continue to rise as will the corresponding case processing turnaround times. Other funds are Highway funds. GR one-time funds are \$10,500 and Highway one-time funds are \$5,250.

State Highway Patrol - Academy, Section 8.115

Bk. 2 Page 459

This section provides basic, in-service and specialized training for members of the patrol, for personnel from other state agencies and for local law enforcement agencies. Training is provided at four levels: basic (officers are taught modern police methods, skills, and procedures to meet the statutory requirements for certification), specialized (officers become experts in areas such as firearms, radar, blood alcohol testing, etc), in-service/proficiency (officers are kept current in areas of criminal justice responsibilities and duties), and administrative (supervision and management skills).

WITHDRAWN - The State of Missouri has committed to establish a state-wide radio interoperability project for first responders and other emergency personnel. While the current system will not support trunked communications, this new system will allow all responders, regardless of agency, to communicate on a common radio system. As a result, responding personnel will be able to coordinate activities and responses to emergencies more effectively and efficiently.

WITHDRAWN - While CVOs are armed, they have very limited authority, and are restricted to minor enforcement dealing with commercial vehicles. They must call for a trooper when dealing with criminal arrests, investigations, and accidents. The Patrol is requesting spending to convert 2 more positions, 1 CVO and 1 CVI, to CVET positions through attrition. The Patrol currently has 35 allocated CVET positions. Troopers have a lower employment turnover rate than CVOs and CVIs, resulting in more experienced law enforcement officers specializing in commercial vehicle enforcement.

Page 549. The Missouri State Highway Patrol currently allows searches of its Automated Fingerprint Identification System (AFIS) from the MetaMorpho system, located at the Kansas Bureau of Investigation (KBI). The KBI can submit latent fingerprints and ten-prints to search against the Patrol's AFIS. This program expansion will allow the Patrol to submit latent fingerprints and ten-prints to search against the KBI's AFIS. In addition, the expansion will allow for the submission of latent palm prints to be searched against both databases. The cost of the interface is \$214,770, with ongoing maintenance of \$21,477. Other funds are Criminal Records Funds (\$193,293 one-time, \$21,477 ongoing).

Page 629. The Division of Fire Safety has several highly technical positions which require intense training and subject matter expertise, specifically within the Boiler & Pressure Vessel and Elevator & Amusement Ride Safety programs. Due to the current appropriation level for these programs, the limited salary ranges for these positions have hindered the recruitment of experienced and qualified candidates for open positions. Additionally, veteran employees are lost due to the disparity in the level of salaries available at the Missouri state government level verses those available in local jurisdictions, neighboring states and the private sector. Failure to offer competitive salaries will continue to limit the pool of qualified candidates from which to draw when filling open positions, as well as threaten the loss of experienced tenured employees. Funding effects 12 FTE. Other funds are Boiler and Pressure Vessel Safety Funds and Elevator Safety Funds.

During the transition process, it was learned that former Water Patrol employees were generally being compensated at a higher rate than Highway Patrol employees with the same experience performing the same functions. This mainly impacted the uniformed officers of the Highway Patrol. There is an active lawsuit as a result of these compensation issues. Page 919. This increase is to more accurately reflect the projected funds that will be transferred from FEMA through SEMA to local governments for diaster public assistance and hazard mitiagation payments. This figure was determined by reviewing the unspent obligations of current disasters. This would bring the total FY14 available amount to \$81,068,724E.

Page 925. SEMA receives several non-disaster grants. Some grants are used to fund SEMA employees, some are used to support the National Flood Insurance Program, some are partnerships with other government entities. Over the past years, the funding that is received has increased and this appropriation increase is necessary to more accurately reflect anticiapted expenditures. This brings the total available in FY14 to \$12,500,000E.
